

Hoopaa High School students from Orleans disembark from a large U. S. Army helicopter Saturday afternoon. The Army aircraft has taken the place of a school bus since the flood, bring-

ing the students from outlying places to live and work at the school until buses are able to return. Students from Pecwan and Weitchpec were airlifted by smaller Army helicopters.

Students Return To Hoopa

HOOPA — Hoopa is located near the geographical center of the Klamath-Trinity Unified School District, and for this reason the high school is located here. Ordinarily, high school students are transported daily from Orleans, Pecwan, Weitchpec, and Willow Creek by school bus.

The disintegration of the roads by the recent floods made daily commuting impossible. Last Saturday, January 16, the students from Orleans, Pecwan, and Weitchpec were airlifted to Hoopa by Army helicopter.

The girl students from Orleans are Lenora Boughton, Linda Boughton, Linda Johnson, Judy Johnson, Linda Chamberlain, Mary Chamberlain, Terri Gibbons, Henrietta Horn, Charlene McLaughlin, and Betty Offield. The boys are Bob Holder, Jim Clark, Danny Knudsen, Randy Gibbons, Mike Giruing, Marvin Mullen, Tom Stokesberry, Loren Offield, Walter Graham, Harry Mollier, Gene Mace, Charlie Collins, Raymond Grubbs.

From Pecwan are Miss Sharon Obie and Miss Janice Moore, and Dewey Myres and Clifford Yerman. Clifford Yerman is the only student from Weitchpec.

The students are presently being billeted at the school. Teacher, Miss Ruth Gillis, is chaperon and house-mother for the girls.
